Interested parties should contact the state offices of USDA's Farm Services Agency for more specific information on the three Indemnity Payment Programs that may relate to the "eligibility" of any alpaca and alpaca forage losses under the three overlapping programs (ELAP, LFP and LIP) described in Subparts C, D, & E of the Code.

The listing of alpaca as livestock covered by these programs is difficult to find from USDA web sources other than what can be found in the current version of the Code of Federal Regulations and past issues of the Federal Register.

We hope you will find this information useful.
